The Constitution lays out a balance of powers that certain responsibilities fall on the executive branch—the President—and certain responsibilities fall on us; and, of course, the courts have responsibilities of their own.

NOMINATION OF CHRIS MAGNUS

The President has nominated, in this instance, a fellow named Chris Magnus. He has nominated him to serve as the Commissioner of Customs and Border Protection, a very big and important job, as the Presiding Officer knows.

I always like to say that leadership may be the most important ingredient for success of any organization I have ever seen. Inside of government or outside of government, it is the single most important ingredient.

Chief Chris Magnus has over 40 years of exemplary public service in communities that span across this country. He has a strong track record of collaborative leadership, and his nomination has earned the support of dozens and dozens of law enforcement and public safety organizations.

It has been 8 months—8 months have passed since our President nominated Chief Magnus for this critically important role at the Department. The American people are counting on seasoned leadership at the Agency. We have the opportunity today to confirm this nomination and provide the leadership that is badly needed on the borders—especially on the borders of our Nation.

NATIONAL PEARL HARBOR REMEMBRANCE DAY

Madam President, the last thing I would say is this is also Pearl Harbor Day. It is a day for us to remember those who lost their lives, sacrificed their lives standing up for us all those years ago, on December 7, 1941.

With that, I yield the floor.

REMEMBERING MIKE GARBO

Mr. GRASSLEY. Madam President, I come to the floor today to discuss what anybody ought to discuss with a heavy heart because when it comes to fighting drug abuse, the United States seems to be losing.

Over 100,000 Americans have died from drug overdoses in the last year alone. These casualties could have been prevented by better drug prevention, treatment, and intervention, but the brunt of this epidemic is due to drug trafficking organizations. Cartels fuel the flames of drug abuse, often using violence and causing devastating loss of life.

Drug traffickers lace street drugs with fentanyl, making deadly drugs even more lethal. And, of course, we all know that most or all of that fentanyl comes from China. China is winning a war, killing Americans through drug overuse, without even firing a shot.

Of course, drug traffickers are not slowing down. In June of this year alone, Customs and Border Protection agents seized over 1,000 pounds of fentanyl. This could kill two-thirds of the population of the United States.

The boots-on-the-ground agents seize these drugs before they reach us, but what they find, what they seize, is a fraction of what comes into the United States. In my home State of Iowa, agents from the Drug Enforcement Administration seized more lethal doses
